IT'S SIMPLE

Break down hard problems into smaller steps. Quantify your progress regularly. If you go off track, your pledged money is temporarily locked until you go back on your feet. Quit the challenge and your money will be given to a non-profit of our choice.

Set a goal

Or select if from our most popular list.

There is a difference between having and achieving a goal. We are here to help.

Pledge amount

We will create a "commitment contract."

It is a binding agreement you sign with yourself to ensure fulfill your intentions.

Log in to report your achievements.

We will track your progress and help you out if you get stuck.

WHY DOES THIS WORK?

Learnbox combines quantified self, commitment contracts and habit forming mechanisms. The combination of setting a routine, tracking the data and setting a financial disincentive for not delivering on your promises is a powerful way of leveraging sunk-costs to achieve our goals.
